**For clarification on any matter, please see the associated Provincial and Federal Acts.**

## SALES

**It is illegal to sell medicinal or recreational cannabis and byproducts in or around the Centre.**

The *Cannabis Act* defines cannabis as a cannabis plant and any part of a cannabis plant produced by, or found in, such a plant, regardless of whether that part has been processed or not, other than a non-viable seed, root, a mature stalk without leaf or branch, or fiber derived from the stalk. It is illegal to sell any part of the plant or any oil, seed or byproduct of the plant that contains THC.

Products containing CBD are subject to all of the rules under the Cannabis Act. Natural health products, veterinary health products, and cosmetics will not be permitted to contain more than 10ppm CBD. **All enquiries relating to the CBD products outside of the LGCC regulated cannabis environment are to be directed to the Health Canada [Cannabis@Canada.ca](mailto:Cannabis@Canada.ca)**

Breach of Manitoba's rules on public cannabis consumption will face fines of up to \$2,542 from LGCA authorities and may result in removal from the show and/or future events.

## PROMOTIONS

The *Cannabis Act* prohibits promotions from communicating information about its price or distribution; and any of its brand elements in a manner that associates cannabis, or evokes a positive or negative emotion about or image of, a way of life such as one that includes glamour, recreation, excitement, vitality, risk or daring.

No exhibitor signage is permitted in public areas without show and Centre approval.

Cannabis cannot be given as a prize in Manitoba. Paraphernalia can be given to those 19+ but inclusion is considered promotion of cannabis and cannabis related companies so age restrictions and image restrictions would apply.

The *Cannabis Act* defines permitted promotion of cannabis and prohibits advertising products that are appealing to youth or promoting cannabis where visible to young people
